

Term 3 - Level 1 Common Assessment Task (CAA)

In Term 3 a number of subject areas have an assessment that is known as a CAA (Common Assessment Task). This is marked externally by NZQA markers around New Zealand but it is completed in school in class time. These assessments will be digitally uploaded and sent to NZQA. Each subject has different specifications but a lot have 4 - 6 hours to complete this work during your lessons. In order to manage your assessment workload and make sure you have the time you need to do your absolute best we have staggered these assessments as best as we can throughout the term.
